

What are the next steps?

Our Equine Health Plan is easy to join. All you need to do is speak to one of our reception team, who will register your horse on the plan.

Your first payment is paid to the Practice directly, by cash or debit/credit card. All subsequent payments are made through a monthly Direct Debit.

Where to find us

Tay Valley Vets and Equine Centre

Veterinary Emergencies

If you require emergency treatment outside practice hours, please telephone the practice on **01738 621415**, where you will hear a message detailing the specific arrangements for that day.

Direct Debit

Spread the cost of your horses health care with monthly payments by Direct Debit

Please note:

The plan is administered by Animal Healthcare Company. Tel: **0117 472 5500**. The discount is available to clients for the stated procedures undertaken entirely and exclusively at Tay Valley Vets and Equine Centre and at no other veterinary clinics.

Full terms and conditions are available on request.

Equine Health Plan

Quality care made
more affordable

Equine Plan
£15.00
per month

Welcome

At **Tay Valley Vets and Equine Centre** we want to make preventative health care easy and affordable, to help you give your horse the best care possible. We believe that prevention is better than cure, rather than waiting until a horse is ill and suffering to put things right. Early diagnosis of health problems will help your horse to live a long and healthy life.

Our **Equine Health Plan** is not pet insurance. It covers the essential treatments your horse needs throughout life, such as vaccinations, egg counts and regular health checks. Extra benefits of the plan include discounts on many other products and services at the practice. **Read on for more information, or speak to one of our team today to find out more about our plan.**

Prevention is better than cure!

Our practice membership scheme has been set up to enable you to spread the cost of routine preventative health care. This allows us to provide you with the support you need to keep your horse fit and healthy year after year. It allows us to administer the appropriate vaccines, monitor and/or treat worms and rasp teeth at the correct time with minimal financial impact to you, the owner. In addition, a thorough clinical examination allows us to carefully assess the general health of your horse and offer advice, support and treatment planning, which in many cases can prevent problems arising in the future.

10% off

other worming and branded supplements bought from the practice
